

**Send your 2019 income-based rate certificate for (CHILD) with child code (CODE) to your nursery**

Dear parent,

Your income-based rate is automatically indexed for 2018. The indexation for 2019 amounts to 1.75 %.

**In order that your nursery can invoice correctly, please provide them with your 2019 indexed income-based rate certificate by 15th January at the latest.**

**You can find your certificate at [mijn.kindengezin.be](https://mijn.kindengezin.be). (To protect your privacy, we cannot deliver your certificate by email).par e-mail.)**

- Go to 'Mijn Kind en Gezin' ('My Child and Family')
- Select 'Attest inkomenstarief' ('Income-based rate certificate').
- Sign in with your eID or federal token.
- You will find your new certificate under 'overzicht van jouw attesten' ('overview of your certificates').
- Deliver this to your nursery.

Please note: do not make any calculations yourself. The income-based rate for 2019 is the result of various measures: the income-based rate, child discount and any individual concessionary rate. If you have a child who turns 13 years of age in 2019, then they will no longer count towards the child discount.
