

Send your 2022 income-based rate certificate for (CHILD) with child code (CODE) to your nursery

Dear parent,

Your income-based rate is automatically indexed for 2022. The indexation for 2022 amounts to 1.89 %.

In order that your nursery can invoice correctly, please provide them with your 2022 indexed income-based rate certificate by 15th January at the latest.

You can find your certificate at [mijn.kindengezin.be](https://mijn.kindengezin.be). (To protect your privacy, we cannot deliver your certificate by email).par e-mail.)

- Go to 'Mijn Kind en Gezin' ('My Child and Family')
- Select 'Inkomenstarief aanvragen of simuleren' ('Income-based rate certificate').
- Sign in with your eID, itsme or federal token.
- You will find your new certificate under 'overzicht van jouw attestaten' ('overview of your certificates').
- Deliver this to your nursery.

Please note: do not make any calculations yourself. The income-based rate for 2022 is the result of various measures: the income-based rate, child discount and any individual concessionary rate. If you have a child who turns 13 years of age in 2022, then they will no longer count towards the child discount.

Questions?

- Contact your nursery

Yours sincerely,

Child and Family Agency
